[Docket Number FRA-2021-0042]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on April 1, 2021, Union Pacific Railroad Company (UPRR) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-of-Train Devices. FRA assigned the petition Docket Number FRA-2021-0042.

Specifically, UPRR requests relief from 49 CFR 232.203, *Training requirements*, to allow its Class I Brake Test Simulation proficiency demonstration as a method to satisfy the required “hands-on” training component of periodic refresher training. UPRR states that its blended brake system training curriculum exceeds the training objectives of the regulation and is designed to increase user proficiency.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
